Dear The Federal Communications Commission,

I believe that the flat-fee Universal Service Fund proposal is unfair to those in the greatest need in our society. I am 13 years old and I believe in the democratic process. All I am asking is to deeply consider your decision. You may disagree with my point of view but I am not well informed as I am sending this through tracfone. Please make your decision help the common wealth and not only the richer interest parties.

Thank you.
Nathan Ryan

P.S. I am not sendind this letter because I might have to pay more but because others more in need might have to pay more.
